To Whom it May Concern,

On September 15, 2010, we were fortunate to have Mr. Jason Maupin from Elevate Industries present to our Middle School and share his message with our students. If you are looking for a motivational and inspirational speaker who can truly inspire your middle school students, look no further.

In the mere 45 minutes that he presented, his well-placed humor and life stories set the students at ease for his serious message of "choices". Our gymnasium of over 700 people was completely silent, totally engaged, and hanging on every word as Mr. Maupin shared some of the stories of his life. I felt these stories were aimed at the hearts and minds of our students. They could see that bad things happen to all of us, and it is what we do when we face adversity that will set us apart from everyone else.

The feedback from the presentation was nothing less than incredible. Some of my staff that has been here for many years expressed that out of the multitude of speakers they have seen, this one by far had the greatest impact on them. Many of our students took time to approach me and let me know how meaningful they felt the presentation was and to thank me for having Mr. Maupin come to their school.

I truly believe this presentation made a significant difference for all in attendance. I feel it reached out to everyone and made each of us better from the message.

I highly recommend, without any reservations, Mr. Jason Maupin for any presentation that you have. Please feel free to contact me with any questions and I'll be happy to assist.

Sincerely,

Steven T. Buss  
Principal
