Jason,

Thank you so much for coming to our school yesterday. The kids are still taking about you and your message.

As I enter my 30th year in education, I have attended a lot of assembly programs but your message to the kids was "right on"! Your ability to speak on their level as well as to express the heartache that many students feel and how to deal with it was motivational and moving.

Jason, thank you for what you do for kids and the best of luck to you as you travel touching the lives of our youth. Brookwood is a better place now that you have been here.

Sincerely,
